Lecture of the EU-FLAG Module Jean Monnet Course Food Law and Globalization

Promoting local development in the globalization age: The case of technology transfer in the agri-food sector

Dr. Arturo Pironti, Fondazione E. Mach

March 29, 2021, 11-13

The event will take place on-line through the Zoom platform. To get the access code please contact Dr. Matteo Ferrari (matteo.ferrari@unitn.it)

The EU-FLAG (Food Law And Globalization) Jean Monnet module aims at developing a better understanding of European food law and how it interacts with the dynamics characterizing international markets, exploring the dialogic relationship existing between the rules of the agri-food sector and globalization.

Dr. A. Pironti will present the different legal tools that can be employed to protect, promote and transfer technological innovation, underlining the dialogic context within which these tools are placed.
